

*We recently completed a renovation to our home of 20+ years with Attic Group, adding a second-storey extension as well as some upgrades downstairs. From start to finish, the experience was exceptional and largely stress-free.*

*The entire team were a pleasure to work with - from the very first conversations about project scope, pricing and contract, to selecting finishes, project management and timing — all were professional, friendly, and consistently clear in their communication. Every trades person who came through our home was skilled, respectful, and clearly took pride in their work. The quality of the build speaks for itself.*

*One of the things we appreciated most was the transparency around cost. There were no hidden extras or surprises, and we always felt fully informed about what was happening and why. While no renovation is completely without its challenges, any small issues that arose were handled quickly and with a solutions-focused mindset.*

*The final result is exactly what we had hoped for. Our home feels beautifully finished, thoughtfully designed, and perfectly suited to our family's needs. We're incredibly grateful to the whole team and wouldn't hesitate to recommend Attic Group to anyone considering a renovation or extension.*
